ALLIANCE AGAINST RUSS URGED ON TWO NATIONS

Stockholm, July 6.—The campaign for an alliance between Norway and Sweden continues, without a dissenting note. Prominent politicians of all parties are advocating such a course on the public platforms and in the newspapers. The movement, however, lacks official action.

The irreconcilable differences which led to the disruption of the union between the two countries in 1905 and almost caused war, seem to have been smoothed out, to the extent, at least, that both peoples desire to unite in a defensive alliance against possible Russian aggression.

The increase in the army and navy of Sweden, instead of exciting the concern of Norway, is greeted there with the utmost satisfaction. It is said, and Norway itself has a strong movement under way for an increase in armaments.

Sven Hedin, Swedish explorer, and Sigurd Isben have exchanged visits between Stockholm and Christiania, and each has found public sentiment agreeable to the proposed alliance.

Isben, in his lectures here, argued that the two foreign officers and the general staffs should have some formal arrangement for working together in case of war.

GRAPPLERS READY FOR TITLE MATCH

Demetral and Roller to Meet at Exposition Park Friday Evening.

PROGRAM STARTS AT 8:00

Delegation of Chicago Fans Plan to Accompany Heavyweights—Big Crowd is Expected.

Word received today from Chicago indicates that Dr. B. F. Roller of Seattle, and William Demetral of Greece, are both in the pink of condition for their big wrestling bout at Exposition park Friday night, when the heavyweight championship of the world will be decided. In every sense of the word this match will be a world's championship affair, for since the retirement of Frank Gotch from active ring work both Roller and Demetral have claimed the title, and each has met and defeated the best men in the profession to substantiate their claim.

Present indications are that the park will accommodate a record breaking crowd Friday night, and Promoters Dan Flynn and Otto Seidlitz plan to erect a huge platform directly in front of the grandstand for the wrestlers.

There will be room for a number of ringside seats on the platform, while those who are not fortunate enough to secure such an advantageous position will have to take seats in the grand stand.

A wire received yesterday afternoon from Demetral states that at least 200 Chicago fans will accompany the big grapplers to the match as both Roller and Demetral have a big following in the Windy City.

Semi-windups Good.

As a semi-windup to the big affair of the evening Jackie Roth and Eddie Evers, both of Rock Island, will meet in a 10-round slugging exhibition of scientific boxing. Both pug are considered among the top notchers, and Evers has met "Young" Griffo, a classy bantam-weight in a 10-round draw.

Another windup is being arranged but the management have not yet completed preparations. The other exhibition will be one of pugilism between two good boys.

Both Demetral and Roller are expected to arrive in Rock Island within the next 24 hours preparatory to their big go, and both will train in the city for the remainder of the week.
